PART 1 –Eligibility Changes Made Since FY 2005 (Complete this section for EACH change)

1. Name of eligibility change: **15% Budgetary Adjustment to the Monthly Benefit Amount**

2. Implementation date of eligibility change: January 1, 2011

3. Description of policy, including the change from prior policy:

Effective January 1, 2011, HSD implemented a new methodology to calculate the monthly benefit allotment which includes reducing the allotment by 15%. The monthly benefit allotment for TANF, Education Works and the state funded cash assistance programs (i.e. State Funded Aliens and General Assistance for the Unrelated Child Households) was reduced. For example, currently the payment standard for a household of three is \$447. With the new methodology reducing the payment standard 15% or, in this example \$67, the resulting maximum monthly benefit allotment for a family of three is now \$380.00.

4. Description of the methodology used to calculate the estimated impact of this eligibility change (attach supporting materials to this form):

In FY 2016, TANF Maximum Monthly Benefits returned to a higher amount than that which was in place in 2005. The 15% Budgetary Adjustment was reduced to 7.5% in October 2015. Therefore, an impact of zero is being reported.

Effective July 1, 2018, the Budgetary Adjustment to the Monthly Benefit Amount was reduced from 7.5% to 0%. Therefore an impact of zero is being reported.

5. Estimated average monthly impact of this eligibility change on caseload in comparison year: 0

FORM ACF-202 – TANF CASELOAD REDUCTION REPORT

Date of Completion: December 18, 2019

State: New Mexico

Fiscal Year to which credit applies: 2020

1. Name of eligibility change: **Eliminating the Excess Hours Worked Disregard**

2. Implementation date of eligibility change: July 1, 2008

3. Description of policy, including the change from prior policy:

House Bill 342, which proposed to eliminate the Excess Hours Worked Disregard, passed in the 2007 Regular Legislative Session. This bill made changes to the New Mexico Works Act (NMSA 27-2B-7 (F)) in which the Excess Hours Worked Disregard was eliminated. This portion of the New Mexico Works Act stated that the department shall apply the following income disregards to the benefit group's earned income and then subtract that amount from the benefit group's financial standard of need: (1) for the first two years of receiving cash assistance or services, if a participant works over the work requirement rate set by the department pursuant to the New Mexico Works Act, one hundred percent of the income earned by the participant beyond that rate; and (2) for the first two years of receiving cash assistance or services, for a two-parent benefit group in which one parent works over thirty-five hours per week and the other works over twenty-four hours per week, one hundred percent of income earned by each participant beyond the work requirement rate set by the department.

4. Description of the methodology used to calculate the estimated impact of this eligibility change: (attach supporting materials to this form)

To estimate the impact of eliminating the Excess Hours Worked Disregard, the state assumes that the proportion of cases qualifying for this disregard would have been the same as the proportion of cases qualifying for the Transition Bonus, a similar policy in place in FY 2010 and described on page three. In FY 2010, 3.64% of the caseload qualified for the Transition Bonus. Therefore, it is assumed that the caseload impact of eliminating this disregard is 3.64% of the FY 2019 caseload, or 382 cases, for all families and 26 cases for 2 parent households.

5. Estimate average monthly impact of this eligibility change on caseload in comparison year: -382

Fiscal Year to which credit applies: 2020

1. Name of eligibility change: **Employment Retention and Advancement Bonus Program**

2. Implementation date of eligibility change: July 1, 2008

3. Description of policy, including the change from prior policy:

House Bill 342, which passed in the 2007 Regular Legislative Session, proposed to eliminate the Excess Hours Worked Disregard and replaced it with the Employment Retention and Advancement Bonus Program (herein, "Transition Bonus Program"). This bill made changes to the New Mexico Works Act (NMSA 27-2B-G (G)). The Transition Bonus Program provides a fixed \$200.00 monthly cash benefit to eligible existing or past TANF households that are currently employed. Eligible households receiving support services must: be subject to an 18 month lifetime limit; be categorically eligible for the Food Stamp Program; and be required to meet a six month eligibility requirement.

Applicants must meet initial eligibility in order to qualify for the Transition Bonus Program. These requirements are TANF/NMW non-financial eligibility (i.e. relationship, citizenship, etc); cannot be simultaneously participating in another cash assistance program; have received at least 3 months of TANF/NMW of which one must have been within the past three months; currently working a minimum of 30 hours per week, averaged over a month; have not received more than 18 months of the Transition Bonus Program or 60 months of TANF/NMW in a lifetime; gross earnings less than 150% of FPG.

Due to budgetary constraints, this program was suspended effective January 31, 2011

1. Name of eligibility change: **Non MOE NMW 2 parent/exempt**

2. Implementation date of eligibility change: July 1, 2007

3. Description of policy, including the change from prior policy:

Implementation of the Non MOE NMW 2 parent/exempt program. Effective July 1, 2007, a certain number of two parent families, state exempt cases, and new approvals were paid out of state funds (non MOE) and are no longer included in the participation rate. This is not a separate state program. Effective July 1, 2012, the state stopped funding this program; therefore, June 2012 was the final month in which cases were removed from the TANF universe
