

NMHIX Advisory Task Force Guidance for Public Commenters

The following procedure is adopted by the New Mexico Health Exchange (NMHIX) Advisory Task Force (ATF) for the public to offer comments at Advisory Task Force meetings:

1. At the discretion of the ATF and/or the meeting's Moderator, questions and comments from the public will be taken following the ATF's discussion of each agenda item. Public comments may also be taken after all agenda items have been considered by the ATF.
2. Each Public commenter will have up to three (3) minutes to present questions or comments
3. Organizations, political parties or other groups may have only one (1) person comment on its behalf at any particular meeting.
4. The ATF or meeting moderator may ask a commenter to cut comments short in the interest of allowing time to all who wish to speak.
