SPH Analytics (SPH), a National Committee for Quality Assurance (NCQA) certified HEDIS[®] Survey Vendor, was selected by Presbyterian Centennial Care to conduct its MY 2021 CAHPS[®] 5.1H Medicaid Child with CCC Survey (with CCC Measurement set). NCQA requires health plans to submit CAHPS survey results in compliance with HEDIS[®] accreditation requirements.

SURVEY OBJECTIVE The overall objective of the CAHPS[®] study is to capture accurate and complete information about consumer-reported experiences with health care. Specifically, the survey aims to measure how well plans are meeting their members' expectations and goals; to determine which areas of service have the greatest effect on members' overall satisfaction; and to identify areas of opportunity for improvement, which can aid plans in increasing the quality of provided care.

2022 NCQA CHANGES NCQA made no substantial changes to the survey or program for 2022.

Your Project Manager is Jennifer Brown (734-545-0192). Should you have any questions or comments regarding any aspect of the survey or reporting process, please feel free to call your Project Manager.

- The CAHPS 5.1H Medicaid Child – Children with Chronic Conditions Survey assesses the experience of care for the general population of children and the population of children with chronic conditions (CCC). These conditions include relatively common conditions like asthma, as well as rare conditions, such as juvenile diabetes and Muscular Dystrophy.
- Children with chronic conditions represent a relatively small proportion of the overall child population. To achieve a sufficient number of complete surveys for CCC results to be calculated, a supplemental sample of children who are more likely to have a chronic condition, based on claims experience, is selected and added to the standard CAHPS® 5.1H Child Survey sample (General Population). After the General Population sample is pulled, the supplemental sample is pulled based on a prescreen sample code. The NCQA required total sample size is 3,490 (1,650 General Population + 1,840 supplemental sample), although plans may choose to oversample their population if necessary.
- NCQA defines the member as having a chronic condition through a survey-based screening tool. The CCC screening tool contains five sections representing five different health conditions. A child member is identified as having a chronic condition if all questions for at least one specific health consequence are answered “Yes.”
- It cannot be determined which respondents out of the total sample qualify as having a chronic condition. Given that a denominator for this equation cannot be determined, there is no response rate provided for the CCC Population. You will see the Response Rate for the Total Population and General Population on the following page, along with additional details for the General Population sample.

DATA COLLECTION

The MY 2021 Medicaid Child with CCC version of the 5.1H CAHPS survey was administered via the following methodology:

First questionnaire mailed
3/8/2022

Second questionnaire mailed
4/12/2022

Initiate follow-up calls to non-responders
5/3/2022 - 5/17/2022

Last day to accept completed surveys
5/18/2022

QUALIFIED RESPONDENTS

Included beneficiaries who were...

- Parents of those 17 years and younger (as of December 31st of the measurement year)
- Continuously enrolled in the plan for at least five of the last six months of the measurement year

2022 RESPONSE RATE CALCULATION

$$\frac{229 \text{ (Completed)}}{2310 \text{ (Sample)} - 11 \text{ (Ineligible)}} = \frac{229}{2299} = 10.0\%$$

VALID SURVEYS

	Total Number of Mail Completed =	86	(8 in Spanish)
	Total Number of Phone Completed =	128	(18 in Spanish)
	Total Number of Internet Completed =	15	(0 in Spanish)

Number of Undeliverables: 481

Note: Respondents were given the option of completing the survey in Spanish. In place of the English survey, a Spanish survey was mailed to members who were identified by the plan as Spanish-speaking. A telephone number was also provided on the survey cover letter for all members to call if they would like to complete the survey in Spanish.

INDUSTRY TRENDS

- Presbyterian Centennial Care

Trend Highlights The robust SPH Analytics Book of Business is valuable in monitoring industry trends. On the right, we have provided a side-by-side comparison of aggregate SPH Book of Business scores to help you understand broader trends in measure scoring over the past four years.

Medicaid Child: Among the Medicaid Child population, several measures declined by more than 1% compared to last year. The biggest decreases were in *Rating of Health Care*, *Getting specialist appointments*, and *Getting Needed Care*.

Getting Care Quickly is an area of concern, with the 2022 composite score 3.6% lower than it was in 2019. Most of that comes from a more than 6% drop in the ability to get routine care from its high point in 2020, at the beginning of the pandemic.

COVID-19 Impact The pandemic caused significant disruption throughout most of 2020 and continuing through today. The disruption is reflected in the variation we've seen in health system experience scores over the last few years.

SPH Book of Business Trends				
	2019	2020	2021	2022
Rating Questions (% 9 or 10)				
Q49. Rating of Health Plan	72.2%	73.0%	73.3%	72.5%

EXECUTIVE SUMMARY

- Presbyterian Centennial Care

OVERVIEW OF TERMS

Summary Rates (SRS) are defined by NCQA in its HEDIS MY 2021 CAHPS® 5.1H guidelines and generally represent the most favorable response percentages.

Percentile Rankings Your plan's approximate percentile rankings in relation to the Quality Compass® All Plans benchmark were calculated by SPH Analytics using information derived from the NCQA 1-100 Benchmark.

SPH Benchmark Information The source for data contained within the SPH Book of Business is all submitting plans that contracted with SPH for MY 2021. Submission occurred on May 25th, 2022.

NCQA Benchmark Information The source for data contained in this publication is Quality Compass® All Plans 2021. It is used with the permission of NCQA. Any analysis, interpretation, or conclusion based on these data is solely that of the authors, and NCQA specifically disclaims responsibility for any such analysis, interpretation, or conclusion. Quality Compass® is a registered trademark of NCQA.

Significance Testing All significance testing is performed at the 95% confidence level using a t-test.

Small Denominator Threshold NCQA will assign a measure result of NA to overall ratings or composites with a denominator (i.e., the average number of responses across all questions used to calculate the composite) less than 100.

Non-Accreditation Notation Throughout the report you will see a notation of “+” which indicates that the given measure is not utilized for accreditation score calculation.

COVID-19 IMPACT Because the 2020 survey administration took place during extraordinary circumstances, please use caution when comparing and interpreting trend results.

Technical Notes Please refer to the Technical Notes for more information.

SATISFACTION WITH PLAN SERVICES						3
Rating of Health Plan	9 or 10	220	71.3%	75.3%	33 rd	3

EXPLANATION

NCQA calculates health plan ratings (HPR) by evaluating plans in three categories: consumer satisfaction, clinical quality (includes prevention and treatment) and NCQA Accreditation Standards score.

The overall NCQA star rating is the weighted average of an organization's HEDIS and CAHPS measure ratings, plus Accreditation bonus points (if the organization has NCQA Accreditation), rounded to the nearest half point.

The CAHPS measures are classified based on their national percentile (10th, 33rd, 67th and 90th) into scores ranging from 1 to 5 (in increments of 0.5), where 5 is the highest score and 1 is the lowest.

Results are summarized in the table to the left. **Percentiles and ratings are estimated by SPH** based on the 2021 NCQA data and benchmarks.

Rating = 1	Rating = 2	Rating = 3	Rating = 4	Rating = 5
<10 th Percentile	10 th – 32 nd Percentile	33 rd – 66 th Percentile	67 th – 89 th Percentile	≥90 th Percentile

Notes:

- NCQA will assign a measure result of NA to overall ratings or composites with a denominator (i.e., the average number of responses across all questions used to calculate the composite) less than 100.
- Medicaid plans have the option to be scored on either Adult CAHPS or Child CAHPS data.

*HPR scores are truncated to three digits (XX.X%) according to the NCQA calculation protocol for Health Plan Ratings. Please note that scores on this slide may differ slightly compared to scores found throughout the rest of the report.

COMPARISON TO QUALITY COMPASS CUT POINTS

The graph shows how your plan's **Estimated Health Plan Rating (HPR) scores** used for accreditation ratings compare to the most recent Quality Compass thresholds published by NCQA (Fall 2021).

Dark Blue bar = Your plan's performance is at or above the 67th percentile

Light Blue bar = Your plan's performance is below the 67th percentile

HPR scores are **truncated** to three digits (XX.X%) according to the NCQA calculation protocol for Health Plan Ratings. Please note that scores on this slide may differ slightly compared to scores found throughout the rest of the report.

* Scores are % 9 or 10, and % Always or Usually.

Rating of Health Plan (% 9 or 10)	220	74.3%	71.4%	-2.9	72.2%	-0.8	40 th	72.5%	-1.1	38 th
Getting Care Quickly (% Usually or Always)	87 [^]	84.8%	85.0%	0.2	86.9%	-1.9	31 st	86.7%	-1.7	34 th

BOTTOM THREE Performing Measures

Your plan's percentile rankings for these measures were the lowest compared to the 2022 SPH Book of Business.

MEASURE	2022 Valid n	PLAN SUMMARY RATE SCORE			2021 GP QC			2022 GP SPH BoB		
		2021	2022	CHANGE	SCORE	GAP	PERCENTILE	SCORE	GAP	PERCENTILE
Rating of Specialist (% 9 or 10)	34 [^]	68.8%	64.7%	-4.1	73.8%	-9.1	<5 th	73.9%	-9.2	10 th
Rating of Health Care (% 9 or 10)	124	71.8%	64.5%	-7.3	74.3%	-9.8	<5 th	71.2%	-6.7	9 th
Rating of Personal Doctor (% 9 or 10)	178	79.4%	68.5%	-10.9	78.0%	-9.5	<5 th	77.4%	-8.9	<5 th

Significance Testing: Current score is significantly higher/lower than the 2021 score (↑/↓), the 2020 score (↕/↔) or benchmark score (▲/▼).

[^]Denominator less than 100. NCQA will assign an NA to this measure.

Improving Performance

These measures had the lowest percentile rankings in comparison to the 2022 SPH Book of Business for your plan.

Improvement Strategies – Rating of Specialist

- Analyze, investigate, and probe for weakness or QI opportunities among those measures or composites that are Key Drivers (or highly correlated) with rating of specialist or doctor. (e.g., HWDC, GCQ, GNC, Coordination Of Care).
- Review QI recommendations/actions for related CAHPS composite measures: How Well Doctors Communicate, Getting Care Quickly, Getting Needed Care, Coordination of Care.
- Provide resources, articles, tools and training sessions via multiple channels to support and drive improvement in physician-patient communication and patient-centered interviewing. Examples include: Listen to patients' concerns, Follow-up with the patient. Provide thorough explanations. Ensure that all questions and concerns are answered. All staff focus on being helpful and courteous to patients.
- Share, report and discuss relative CAHPS health care performance and feedback at the health system and/or within network level.
- Promote use of a secure online patient portal which allows patients access to their medical record and health care information of relevant to patient needs.
- Gather and analyze patient feedback on their recent office visit (i.e., patient "comment cards," follow up call/text/email, CG CAHPS survey, etc.)
- Assess adequacy of contracted specialist by specialty. If necessary, review quality of care information among specific specialties and/or identify practices of excellence.
- Explore ability of providers to share with patient's a summary of their medical record or health assessments to facilitate conversation about relevant health and wellness issues.
- Assess systems (e.g., EHRs) processes and/or procedures used to gather or facilitate distribution of patient information among providers.
- Suggest providers/practices periodically analyze appointment scheduling timeframes versus types of office visits.

Improvement Strategies – Rating of Health Care

- Analyze, assess, probe for weakness or QI opportunities among those measures or composites that are Key Drivers (or highly correlated) with Rating of Health Care (e.g., GNC, GCQ, HWDC, CoC). Review QI recommendations/actions for related CAHPS composite measures.
- Seek to simplify Plan requirements, processes, and/or procedures (e.g., UM, CM, Pharma, Use of IVR) impacting the member experience of care and access to care, tests or treatment. Examples include: Provide care quickly. Provide quick access to effective treatments. Minimize patient costs for care.
- Assess internal data. Track, audit, review and assess call center calls and/or complaints regarding quality of care, choice of providers, access to care, UM, CM, health system, etc.
- Communicate and educate all areas of the Plan on CAHPS, sharing findings, initiatives and outcomes. Seek input and observations. Engage relevant contributors into QI design/activities.
- Confirm adequacy of contracted providers and walk-in centers with extended hours.
- Ensure CSR have easy access to current, updated resources to provide accurate guidance about plan/drug coverage, out of pocket cost, availability of providers, requirements, processes, etc.
- Foster strong relationships with contracted providers via regular communications and collaboration. Data driven comparisons of PEC metrics can support/guide mutual improvement.
- Explore potential of aligning information flow/ EHRs to better integrate, support, or facilitate patient care, coordination of care and vital information among contracted providers.
- Consider the need to conduct additional measurement, probing of composite measures with targeted populations or health systems (e.g., CG-CAHPS or CAHPS Drill Down Survey).

Improvement Strategies – Rating of Personal Doctor

- Analyze, investigate, and probe for weakness or QI opportunities among those measures or composites that are Key Drivers (or highly correlated) with rating of personal doctor. (e.g., HWDC, GCQ, GNC, Coordination Of Care).
- Review QI recommendations/actions for related CAHPS composite measures: How Well Doctors Communicate, Getting Care Quickly, Getting Needed Care, Coordination of Care.
- Work collaboratively with pediatric providers, encourage and support a family friendly approach that helps parents/families navigate the health care system and overcome obstacles.
- Provide resources, articles, tools and training sessions via multiple channels to support and drive improvement in physician-patient communication and patient-centered interviewing. Examples include: Foster relationships with patients. Partner with them. Listen to their concerns. Treat them with compassion. Spend adequate time with them and ensure questions and concerns are answered.
- Share, report and discuss relative CAHPS health care performance and feedback at the health system and/or within network level.
- Promote use of a secure online patient portal which allows patients access to their medical record and health care information of relevant to patient needs.
- Gather and analyze patient feedback on their recent office visit (i.e., patient "comment cards," follow up call/text/email, CG CAHPS survey, etc.)
- Explore ability of providers to share with patient's a summary of their medical record or health assessments to facilitate conversation about relevant health and wellness issues.
- Assess systems (e.g., EHRs) processes and/or procedures used to gather or facilitate distribution of patient information among providers.
- Suggest providers/practices periodically analyze appointment scheduling timeframes versus types of office visits. Minimize wait times.

KEY DRIVER ANALYSIS OF RATING OF HEALTH PLAN

- Presbyterian Centennial Care

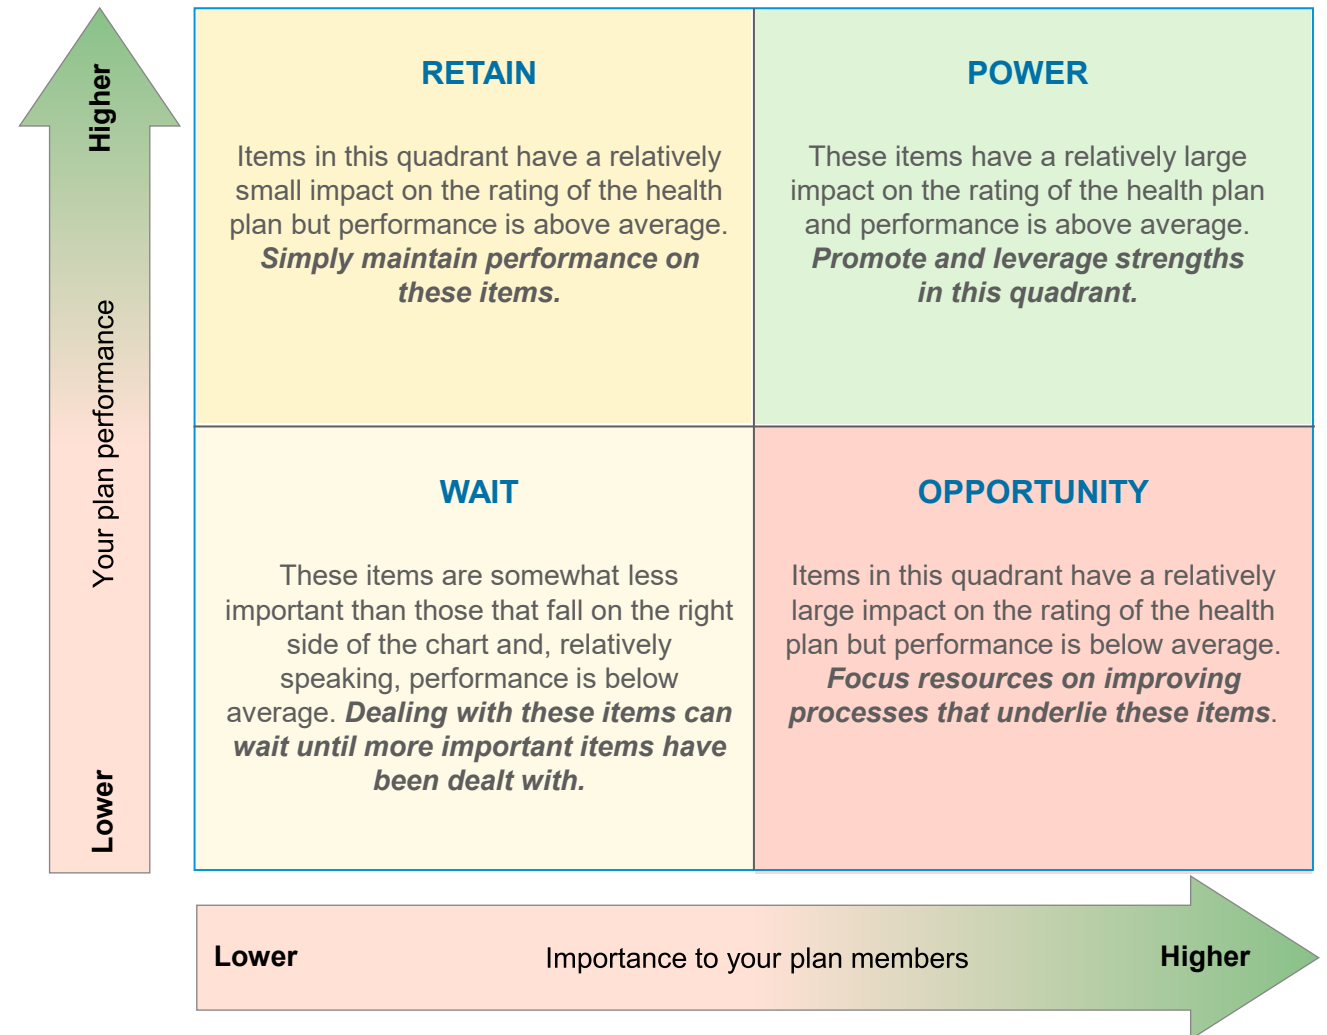

POWER CHART: EXPLANATION

POWeR™ CHART CLASSIFICATION MATRIX

Overview. The SatisAction™ key driver statistical model is a powerful, proprietary statistical methodology used to identify the key drivers of the rating of the health plan and provide actionable direction for satisfaction improvement programs. This methodology is the result of a number of years of development and testing using health care satisfaction data. We have been successfully using this approach since 1997.

The model provides the following:

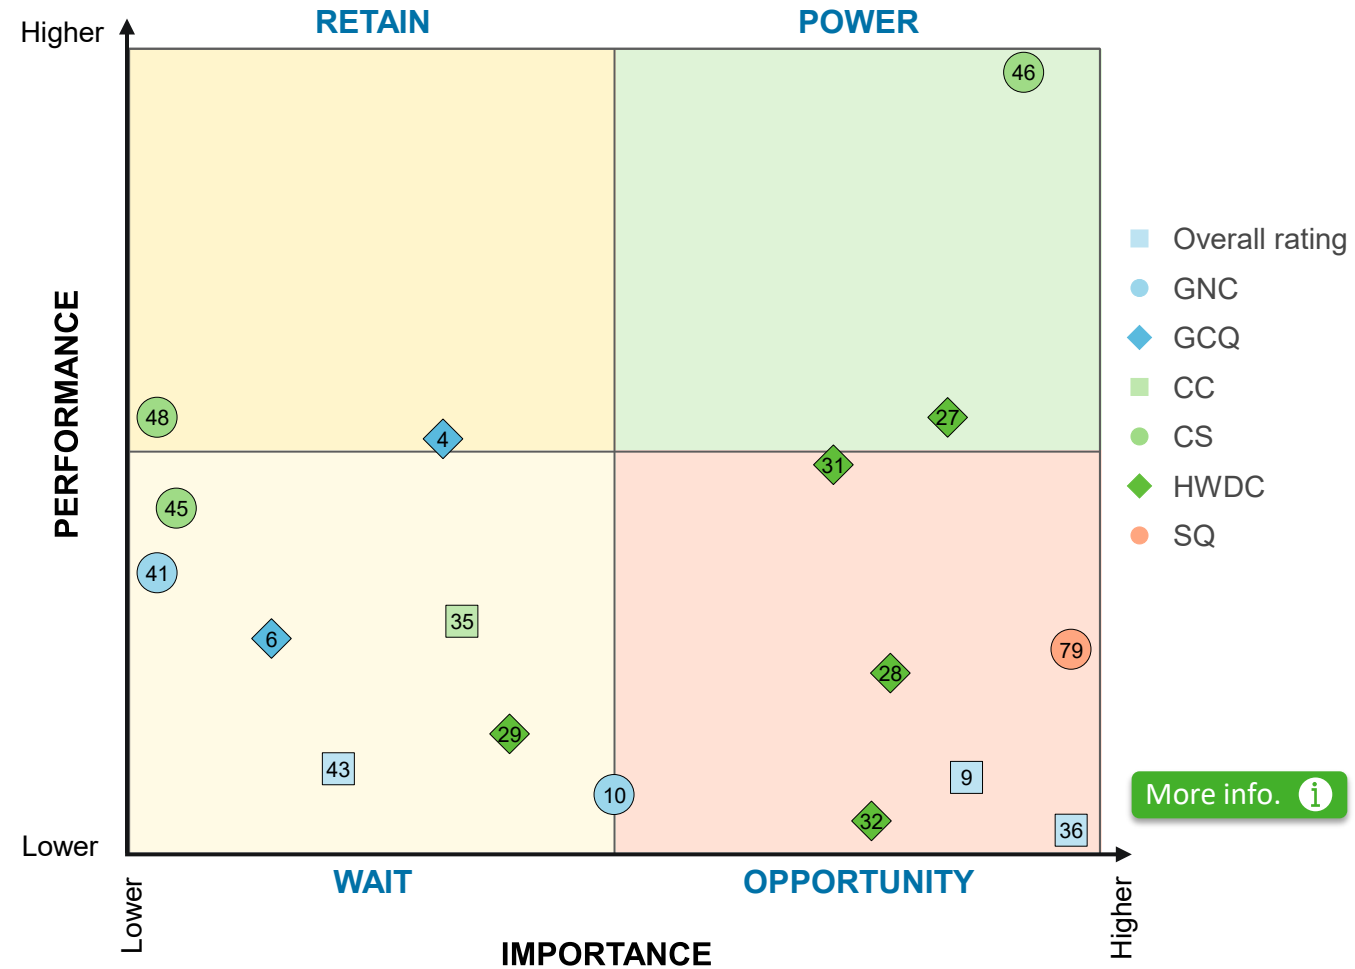

- Identification of the elements that are important in driving of the rating of the health plan.
- Measurement of the relative importance of each of these elements.
- Measurement of how well members think the plan performed on those important elements.
- Presentation of the importance/performance results in a matrix that provides clear direction for member satisfaction improvement efforts by the plan.

YOUR PLAN
These items have a relatively large impact on the Rating of Health Plan. **Leverage** these questions since they are important to your members and the Rating of Health Plan score for this plan. They are listed in descending order of importance for your plan.

INDUSTRY
SPH Book of Business regression analysis has identified **Key Drivers** of Rating of Health Plan. The numbers represent the ranked importance across the entire Book of Business.

All Industry scores & rankings are calculated based on the 2022 SPH Book of Business. Any items below the dotted line are Top 10 industry key drivers that are not identified as key drivers for your plan.

MEASURE ANALYSES

Measure Details and Summary Rate Scores

- Presbyterian Centennial Care

Drilling Down Into Composites And Ratings This section is designed to give your plan a detailed report on the performance of each Star Rating measure as well as a few other key metrics. The measure analysis section contains:

Rating & Composite level information including...

- Percentile ranking and benchmark performance
- Historic scores
- Market performance

Attribute level information for composites including...

- Gate questions
- Percentile ranking and benchmark performance
- Summary rate score trending

All scores displayed in this section are summary rate scores (notated with 'SRS').

More info.

Percentile Bands	
≥90 th	
67 th – 89 th	
33 rd – 66 th	
10 th – 32 nd	
<10 th	

Your plan's performance ranking along with **Summary Rate Score** are displayed at the top for quick reference.

Your plan's current year **Summary Rate Score** and base size along with previous two years, SPH BoB and Quality Compass national data are displayed.

Your plan's **Summary Rate Score** is plotted against the SPH Book of Business to provide a visual representation of market performance. The orange line represents the SPH 90th percentile.

Gate questions (indicated by "G:") for attributes are displayed above attributes – scores displayed are % Yes

For composites – all corresponding attributes that roll-up into the composite score are displayed:

- Historic bases and **Summary Rate Scores** along with significant changes in trend notated
- Benchmark comparisons along with significant differences notated
- Percentile ranking against **Quality Compass**
- Graphic representation of trend and 2021 **Quality Compass** percentile bands

SUMMARY OF TREND AND BENCHMARKS

- Presbyterian Centennial Care

Trend and Benchmark Comparisons The CAHPS® 5.1H survey is designed to use composite scores to facilitate the aggregation of information and the communication of results. Questions are combined into composite categories comprising a particular service area managed by your plan. These composites, the questions that make up composites (attributes), additional measures, and rating questions are shown on the following pages.

Summary Rate Scores: Shows how your plan's composite and key question Summary Rates compare to trend data (if applicable) and benchmark scores. To help you identify how your plan's population compares to other plans and to previous data, statistically significant differences are highlighted.

Plan Percentile Rankings: Shows your plan's Summary Rates and percentile rankings in relation to the benchmarks.

Significance Testing

Green – Current year score is significantly higher than the 2021 score (↑), the 2020 score (⚡) or benchmark score (▲).

Red – Current year score is significantly lower than the 2021 score (↓), the 2020 score (⚡) or benchmark score (▼).

No color denotes that there was no significant difference between the percentages or that there was insufficient sample size to conduct the statistical test. All significance testing is performed at the 95% confidence level.

Available Benchmarks

The following benchmarks are used throughout the report.

APPENDIX B: QUESTIONNAIRE

SURVEY INSTRUCTIONS

- ◆ Answer each question by marking the box to the left of your answer.
- ◆ You are sometimes told to skip over some questions in this survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this:

- Yes → **If Yes, Go to Question 1**
 No

Personally identifiable information will not be made public and will only be released in accordance with federal laws and regulations.

You may choose to answer this survey or not. If you choose not to, this will not affect the benefits your child receives. You may notice a number on the back of this survey. This number is ONLY used to let us know if you returned your survey so we don't have to send you reminders.

If you want to know more about this study, please call 1-888-797-3605.

Please answer the questions for the child listed on the letter. Please do not answer for any other children.

1. Our records show that your child is now in Presbyterian Centennial Care. Is that right?

- Yes → **If Yes, Go to Question 3**
 No

2. What is the name of your child's health plan? (please print)

YOUR CHILD'S HEALTH CARE IN THE LAST 6 MONTHS

These questions ask about your child's health care from a clinic, emergency room, or doctor's office. This includes care your child got in person, by phone, or by video. Do not include care your child got when he or she stayed overnight in a hospital. Do not include the times your child went for dental care visits.

3. In the last 6 months, did your child have an illness, injury, or condition that needed care right away?

- Yes
 No → **If No, Go to Question 5**

4. In the last 6 months, when your child needed care right away, how often did your child get care as soon as he or she needed?

- Never
 Sometimes
 Usually
 Always

5. In the last 6 months, did you make any in person, phone, or video appointments for a check-up or routine care for your child?

- Yes
 No → **If No, Go to Question 7**

6. In the last 6 months, how often did you get an appointment for a check-up or routine care for your child as soon as your child needed?

- Never
 Sometimes
 Usually
 Always

7. In the last 6 months, not counting the times your child went to an emergency room, how many times did he or she get health care in person, by phone, or by video?

- None → **If None, Go to Question 11**
 1 time
 2
 3
 4
 5 to 9
 10 or more times

8. In the last 6 months, how often did you have your questions answered by your child's doctors or other health providers?

- Never
- Sometimes
- Usually
- Always

9. Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your child's health care in the last 6 months?

- 0 Worst health care possible
- 1
- 2
- 3
- 4
- 5
- 6
- 7
- 8
- 9
- 10 Best health care possible

10. In the last 6 months, how often was it easy to get the care, tests, or treatment your child needed?

- Never
- Sometimes
- Usually
- Always

11. Is your child now enrolled in any kind of school or daycare?

- Yes
- No → *If No, Go to Question 14*

12. In the last 6 months, did you need your child's doctors or other health providers to contact a school or daycare center about your child's health or health care?

- Yes
- No → *If No, Go to Question 14*

13. In the last 6 months, did you get the help you needed from your child's doctors or other health providers in contacting your child's school or daycare?

- Yes
- No

SPECIALIZED SERVICES

14. Special medical equipment or devices include a walker, wheelchair, nebulizer, feeding tubes, or oxygen equipment.

In the last 6 months, did you get or try to get any special medical equipment or devices for your child?

- Yes
- No → *If No, Go to Question 17*

15. In the last 6 months, how often was it easy to get special medical equipment or devices for your child?

- Never
- Sometimes
- Usually
- Always

16. Did anyone from your child's health plan, doctor's office, or clinic help you get special medical equipment or devices for your child?

- Yes
- No

17. In the last 6 months, did you get or try to get special therapy such as physical, occupational, or speech therapy for your child?

- Yes
- No → *If No, Go to Question 20*

18. In the last 6 months, how often was it easy to get this therapy for your child?

- Never
- Sometimes
- Usually
- Always

19. Did anyone from your child's health plan, doctor's office, or clinic help you get this therapy for your child?

- Yes
- No

20. In the last 6 months, did you get or try to get treatment or counseling for your child for an emotional, developmental, or behavioral problem?

- Yes
- No → *If No, Go to Question 23*

21. In the last 6 months, how often was it easy to get this treatment or counseling for your child?

- Never
- Sometimes
- Usually
- Always

22. Did anyone from your child's health plan, doctor's office, or clinic help you get this treatment or counseling for your child?

- Yes
- No

23. In the last 6 months, did your child get care from more than one kind of health care provider or use more than one kind of health care service?

- Yes
- No → *If No, Go to Question 25*

24. In the last 6 months, did anyone from your child's health plan, doctor's office, or clinic help coordinate your child's care among these different providers or services?

- Yes
- No

YOUR CHILD'S PERSONAL DOCTOR

25. A personal doctor is the one your child would talk to if he or she needs a check-up, has a health problem or gets sick or hurt. Does your child have a personal doctor?

- Yes
- No → *If No, Go to Question 40*

26. In the last 6 months, how many times did your child have an in person, phone, or video visit with his or her personal doctor?

- None → *If None, Go to Question 36*
- 1 time
- 2
- 3
- 4
- 5 to 9
- 10 or more times

27. In the last 6 months, how often did your child's personal doctor explain things about your child's health in a way that was easy to understand?

- Never
- Sometimes
- Usually
- Always

28. In the last 6 months, how often did your child's personal doctor listen carefully to you?

- Never
- Sometimes
- Usually
- Always

29. In the last 6 months, how often did your child's personal doctor show respect for what you had to say?

- Never
- Sometimes
- Usually
- Always

30. Is your child able to talk with doctors about his or her health care?

- Yes
- No → *If No, Go to Question 32*

31. In the last 6 months, how often did your child's personal doctor explain things in a way that was easy for your child to understand?

- Never
- Sometimes
- Usually
- Always

32. In the last 6 months, how often did your child's personal doctor spend enough time with your child?

- Never
- Sometimes
- Usually
- Always

33. In the last 6 months, did your child's personal doctor talk with you about how your child is feeling, growing, or behaving?

- Yes
- No

34. In the last 6 months, did your child get care from a doctor or other health provider besides his or her personal doctor?

- Yes
 No → *If No, Go to Question 36*

35. In the last 6 months, how often did your child's personal doctor seem informed and up-to-date about the care your child got from these doctors or other health providers?

- Never
 Sometimes
 Usually
 Always

36. Using any number from 0 to 10, where 0 is the worst personal doctor possible and 10 is the best personal doctor possible, what number would you use to rate your child's personal doctor?

- 0 Worst personal doctor possible
 1
 2
 3
 4
 5
 6
 7
 8
 9
 10 Best personal doctor possible

37. Does your child have any medical, behavioral, or other health conditions that have lasted for more than 3 months?

- Yes
 No → *If No, Go to Question 40*

38. Does your child's personal doctor understand how these medical, behavioral, or other health conditions affect your child's day-to-day life?

- Yes
 No

39. Does your child's personal doctor understand how your child's medical, behavioral, or other health conditions affect your family's day-to-day life?

- Yes
 No

GETTING HEALTH CARE FROM SPECIALISTS

When you answer the next questions, include the care your child got in person, by phone, or by video. Do not include dental visits or care your child got when he or she stayed overnight in a hospital.

40. Specialists are doctors like surgeons, heart doctors, allergy doctors, skin doctors, and other doctors who specialize in one area of health care. In the last 6 months, did you make any appointments for your child with a specialist?

- Yes
 No → *If No, Go to Question 44*

41. In the last 6 months, how often did you get appointments for your child with a specialist as soon as he or she needed?

- Never
 Sometimes
 Usually
 Always

42. How many specialists has your child talked to in the last 6 months?

- None → *If None, Go to Question 44*
 1 specialist
 2
 3
 4
 5 or more specialists

43. We want to know your rating of the specialist your child talked to most often in the last 6 months. Using any number from 0 to 10, where 0 is the worst specialist possible and 10 is the best specialist possible, what number would you use to rate that specialist?

- 0 Worst specialist possible
 1
 2
 3
 4
 5
 6
 7
 8
 9
 10 Best specialist possible

YOUR CHILD'S HEALTH PLAN

The next questions ask about your experience with your child's health plan.

44. In the last 6 months, did you get information or help from customer service at your child's health plan?

- Yes
 No → *If No, Go to Question 47*

45. In the last 6 months, how often did customer service at your child's health plan give you the information or help you needed?

- Never
 Sometimes
 Usually
 Always

46. In the last 6 months, how often did customer service staff at your child's health plan treat you with courtesy and respect?

- Never
 Sometimes
 Usually
 Always

47. In the last 6 months, did your child's health plan give you any forms to fill out?

- Yes
 No → *If No, Go to Question 49*

48. In the last 6 months, how often were the forms from your child's health plan easy to fill out?

- Never
 Sometimes
 Usually
 Always

49. Using any number from 0 to 10, where 0 is the worst health plan possible and 10 is the best health plan possible, what number would you use to rate your child's health plan?

- 0 Worst health plan possible
 1
 2
 3
 4
 5
 6
 7
 8
 9
 10 Best health plan possible

PRESCRIPTION MEDICINES

50. In the last 6 months, did you get or refill any prescription medicines for your child?

- Yes
 No → *If No, Go to Question 53*

51. In the last 6 months, how often was it easy to get prescription medicines for your child through his or her health plan?

- Never
 Sometimes
 Usually
 Always

52. Did anyone from your child's health plan, doctor's office, or clinic help you get your child's prescription medicines?

- Yes
 No

ABOUT YOUR CHILD AND YOU

53. In general, how would you rate your child's overall health?

- Excellent
 Very Good
 Good
 Fair
 Poor

54. In general, how would you rate your child's overall mental or emotional health?

- Excellent
 Very Good
 Good
 Fair
 Poor

55. Does your child currently need or use medicine prescribed by a doctor (other than vitamins)?

- Yes
 No → *If No, Go to Question 58*

56. Is this because of any medical, behavioral, or other health condition?

- Yes
 No → *If No, Go to Question 58*

57. Is this a condition that has lasted or is expected to last for at least 12 months?

- Yes
 No

58. Does your child need or use more medical care, more mental health services, or more educational services than is usual for most children of the same age?

Yes

No → *If No, Go to Question 61*

59. Is this because of any medical, behavioral, or other health condition?

Yes

No → *If No, Go to Question 61*

60. Is this a condition that has lasted or is expected to last for at least 12 months?

Yes

No

61. Is your child limited or prevented in any way in his or her ability to do the things most children of the same age can do?

Yes

IMPACT ANALYTICS

Redefine the experience members have with your plan by understanding what is driving those experiences, your Star Ratings and CAHPS performance.

IMPROVE MEMBER EXPERIENCE AND ENGAGEMENT WITH DESCRIPTIVE AND PREDICTIVE ANALYTICS

EXPLORE

Drill down into your data, compare segments against benchmarks and forecast CAHPS and Star improvements

DISCOVER

Analyze and prioritize root causes, then correlate campaigns and PX surveys to CAHPS and Stars

PREDICT

Predict member perceptions and behavior related to satisfaction, engageability and enrollment

OUTREACH

Blueprint to educate, motivate and shift perception through omnichannel outreach.

STRATEGIC CONSULTING WITH BENCHMARK-DRIVEN INSIGHTS

Strategic Consulting

Solving challenges at each stage of the member journey with a comprehensive evidence-based, approach helping accelerate improvement, satisfaction, star ratings and CAHPS performance.

Target efforts to improve member acquisition, engagement, and retention

Comprehensive approach delivering sustainable results that improve business and member outcomes.

Leveraging the SPH Analytics benchmark of CAHPS data, representing 85% of Medicare Advantage plans, and predictive analytics, we help drive your Star Ratings performance through:

- Current state validation methods
- Roadmap and co-design
- Implementation
- Sustainment

Improve the member experience with a data-driven approach

With the data and member feedback you're already collecting, our Strategic Consulting will help pinpoint the member cohorts with the most valuable opportunities to your organization.

Insights derived from that data will inform our consulting team's recommendations for developing actionable, sustainable improvement plans that drive measurable change.
