

Questions on NM MMISR IV&V RFP #16-630-8000-6000

December 4, 2015

Response to additional questions

#	Section	Page	Vendor Question	NM HSD Response
1	Section IV, Parts B and C	10 and 11 of Amendment #1	Does the 200 page limit apply to all required sections of Binder 1, or just the "Response to Specifications" part?	<p>To clarify, the 200 page limit in Binder 1 noted in Amendment #1 applies only to the Mandatory Specifications (part A) responses: the narrative responses in 1. Mandatory Specifications and 2. Technical Response of Section V (pages 36 – 39 in the original RFP).</p> <p>Required Financial Reports and historical documents, Project Plans, Reports, Evaluations and Resumes are not subject to the page count limit; they may be added as appendices following the Mandatory Specifications narrative responses. We suggest that all narrative responses are concise and to-the point.</p>
2	General		Will the submission deadline be extended?	No, the submission deadline remains December 10, 2015
