ISD GI 18 - 24 AMENDED

TO: ISD Employees
FROM:  Mary Brogdon, Division Director
RE: Phase II – EPPI process
Expedited Benefits w/Postponed Interview (EPPI) Waiver – Extension
Approved (#2110031)
DATE: May 3, 2018

This GI is AMENDED to include the Spanish version of the Cold Call Script. No other changes have been made..

This GI rescinds GI 18-12.

The Food and Nutrition Services (FNS) recently approved New Mexico's request for an extension of the Waiver for Expedited Benefits w/Postponed Interview.

Under this waiver, households meeting expedited criteria and verified identity may receive SNAP benefits for up to two months without an interview, provided the Department has attempted to but is unable to make contact with the applicant to complete the interview.

FNS requires a targeted approach for this waiver's use, and requires that the Department apply this waiver criterion to 20 percent or less of its expedited service caseload. To comply with this requirement, the Department will implement the EPPI process outlined below in all of the ISD Field Offices.

As we progress in our implementation of our EPPI process we are implementing Phase II of this process. This phase will move our 10 pilot offices into our final EPPI process. All other field offices will incorporate the temporary EPPI process and implement the EPPI process in the remaining offices. Allowing the 10 pilot offices to move towards our permanent process will allow for a smoother and more consistent implementation in the remaining offices. Our pilot offices allow us to work through concerns and develop understandable and compliant processes for our staff. Our goal is to provide timely and accurate benefits to all customers.

The pilot offices listed below will now implement the next phase of the EPPI process which includes the process listed below in addition to:

- Expedite SNAP benefits will be released the 6th day following the date of application, UNLESS the interview is completed earlier. If interview is completed prior to the 6th day, expedite benefits must be released same day as interview is completed.

- S. Dona Ana
- Quay
- Lincoln
- SE Bernalillo
- San Juan
- Luna
- Sandoval
- Lea
- Torrance
- Socorro

Effective April 30, 2018 the EPPI process outline below will be implemented state-wide.

EPPI Process

ALL initial applications:

- Must be screened for Expedite SNAP benefits **the same day the household requests assistance** as per 7 CFR 7.273.2(i)(2). Please also refer to *SNAP Expedite* training Version 1.3 date July 07, 2017.

Verification:

All households entitled to expedited service need only to **verify identity** through readily available documentation or through a collateral contact. (7 CFR 273.2 and 8.139.110.16A(2) NMAC)

Prior to requesting verification of identity, review the ECF and electronic data resources to determine if verification is readily available.

If identity cannot be verified using existing data one of the following may be requested:

- Photo ID; including driver's license;
- Birth certificate;
- School records;
- Church records;
- Hospital or insurance card;
- Letter from community resources;
- Voter registration card;
- Work ID
- ID for other assistance or social service program
- Wage stubs

All other eligibility factors may be postponed. *Reasonable efforts* must be made by ISD to verify residence, income, liquid resources, and all other eligibility factors.

- *With the exception of the pilot offices listed above:*
 - Expedite SNAP benefits *must be released same day.*
- A minimum of two cold calls to the applicant must be completed on the same day of screening. Staff must leave a message and document the attempts in case comments.
- To assist in identifying this as an Expedite SNAP case, case comments should include a statement to include the following information:
 - Expedite eligible, pending interview
 - Must be processed no later than {*Date that case must be process*}
 - Interview scheduled for {*Date of scheduled interview*}
- If attempts to contact the applicant or completion of the interview are unsuccessful:
 - Appointment must be scheduled for the 3rd day but no later than the 6th day following the date of application
 - *The first day of this count is the first calendar day after the application is filed.*
- Applications eligible for expedite SNAP benefits must be tracked to ensure that benefits are released on the 6th day to remain compliant with SNAP expedite policy. Staff will use the SNAP Expedited Report that is received daily to accomplish the tracking of these applications.
- If the applicant calls back the same day to complete the interview and reaches the Customer Service Center (CSC), CSC will complete the interview.
- If the applicant calls back the same day to complete the interview and reaches the office switchboard.
 - the switchboard operator will create a Reception Task “in lobby” in ASPEN that will be handled in the order received by the team working that queue; and
 - the switchboard operator will confirm the call back number and inform the applicant a staff member will call back within 30 minutes to complete the interview.
- If the interview is completed after the Expedite SNAP benefits are processed/released, but on the same day, ASPEN *must be changed from a “Postponed Interview”* to reflect the type of interview that was completed.

EPPI Central Print Process

(The following process is to be used until the CR for mailing time goes into implementation)

- In Pending Correspondence select the ISD127 Notice of Appointment radio button and click Next

- click on the local print button & the document will open up in a separate window
 - click on the X in the upper right hand to close that window
 - Back out and click on Correspondence,
 - View History
 - Select ISD127 Notice of Appointment
 - Next
 - Click on Central Print
- Upon generating the notice, it will be sent to Adelante the following morning to be mailed out.

The system will continue to issue Electronic Benefit Transfer (EBT) cards at registration of the SNAP application for applicants new to SNAP. For those households who have previously been SNAP recipients the caseworker will need to discuss with the client if they have an EBT card and offer the client the option to obtain an over-the-counter EBT card from the local office, if they do not already have one.

To facilitate access to the interview and provide assistance with the administrative process, lobby floaters, Greeters and Customer Service will explain the benefits of completing the interview and encourage applicants to wait to be interviewed if they are dropping off an application in person or if they are utilizing the Kiosks to submit their application.

If you have questions regarding this GI, please contact Rita Paz at Rita.Paz@state.nm.us or at 505-827-7286.

Households reporting little or no income or resources may be entitled to receive SNAP benefits within seven days after they file an application. Applications will be screened the same calendar day to ensure the seven-day limit is met.

Expedite SNAP benefits must be processed no later than the 6th calendar day to ensure the household receives benefits no later than the 7th calendar after the date of application.

Screening Ineligible Household Members

When there is an ineligible household member on an application their income and assets may or may not be considered depending on the situation. In these instances ISD will need to determine if the income and assets will need to be used to determine expedite.

Ineligible Students

Considered non-members. Income and Resources are not considered.

Disqualified Household Members

Income and Resources are counted in their entirety.

Ineligible Immigrants

Resources shall be counted in their entirety, and Income shall be deemed or Pro Rata.

NOTE: In these instances the worker may need to edit what the applicant stated on their application on the expedite screening page to determine expedite correctly.

Document in
Case Comments!

Deeming or Pro Rata

Pro Rata: The income of Ineligible Immigrants and individuals who refuse to provide SSN needs to be prorated. To prorate the income, you will take the income of the ineligible immigrant and divide it by the total number of household members. Then multiply the result by the number of eligible household members.

For example:

Maria and Jose submit an application for SNAP for themselves and their three children. Jose is an Ineligible Immigrant, and he has \$1500 earned income per month. Maria and the children are citizens.

Step 1:

$$\$1500 / 5 = \$300$$

Step 2:

$$\$300 \times 4 = \$1200$$

SNAP Expedite Verification Standards

Remember: The only verification you need to process an expedited SNAP application is a valid form of Identification. Electronic verification sources can be used to verify if the applicant has never had benefits before.

Reasonable efforts must be made to verify residence, income, receipt of benefits in another state, and all other eligibility factors. Expedite benefits WILL NOT be delayed because of inability to verify these factors.

All reasonable efforts to conduct an interview prior to approval of Expedite SNAP should be made.

Late Determinations

If the initial screening for expedite fails to identify the applicant as expedite and it is discovered later the applicant should be receiving expedite service, the SNAP should be processed within a new seven calendar day period from the date of discovery. The date of discovery of new and previously unreported information is the date the department learns the case is eligible for expedited service.

This change should be documented in the Case Comments.

Remember, during the application process information shall only come from the applicant, or when allowed from a trusted source. ISD employees should NEVER, under any circumstance, create or make up information for applicants.

As always: Document! Document! Document!

7 CFR 273.2 (i) (3) (iv)

Denial of Expedited SNAP Benefits

If expedited SNAP processing is denied, the applicant will be informed of the right to request an agency conference to be held within two (2) days unless the household requests a later date.

If ISD is unable to reach the applicant by cold call, the agency conference will be offered at the time of interview. Always document in Case Comments

If a household is not eligible for expedited service, ISD must process the application according to normal processing standards.

Expedite Screening Page

The Expedite Screening page displays in two areas in ASPEN:

Application Registration

Automatically populates when SNAP is selected on the Register Programs page.

The Program Request Page in Data Collection

When any change is made to the SNAP request, you will click the screen button regardless if the case needs to be re-screened for expedite. Some examples include:

Adding a new individual to an approved SNAP EDG.

Reinstating a closed SNAP EDG.

When an applicant files a new application for SNAP benefits.

NOTE: This page should only be used as a tool to determine Expedite. To actually approve the expedited benefits, you need to complete Data Collection and run EDBC.

ISD has a waiver with FNS allowing for 20% of SNAP Expedite Interviews to be Postponed.

On a monthly basis, ASPEN restricts FAA's from exceeding 20% of all approvals for SNAP expedited programs having postponed interview.

If the CAP has been met, Postponed Interview will not be an available selection. The FAA will have to select another option to proceed.

- Review responses for accuracy.
- Review case comments (justify the action(s) taken on the case).
