PROPOSED RULE

V. BACKGROUND SUMMARY

The Human Services Department (the Department), through the Medical Assistance Division (MAD), is proposing to proposing one amendment to 8.311.3 NMAC Methods and Standards.

The Department, in complying with the 2016 General Appropriations Act, which directs the Department to reduce reimbursement rates paid to Medicaid providers, implemented several measures in July and August 2016 related to provider reimbursement. Some of these measures required approval from the Centers for Medicare and Medicaid Services (CMS).

One of the measures, approved by CMS effective July 1, 2016, was for the Department to reduce the reimbursement rate found in Section 12 Prospective Payment Methodology for Hospitals, Subsection F Special prospective payment provisions, Paragraph (1) Outlier cases from ninety percent to eighty-five percent of the hospital's standardized cost.

The Department is now amending the state rule to be consistent with the Medicaid State Plan as approved by CMS.
